

Overview

Product name	TE294 VEGA CDP Chart
Principle	Grayscale test chart for measurements of Contrast Detection Probability and other contrast based performance indicators with the VEGA light source.

Features

CDP

Type/s of pattern	gray scale, square patches , diagonally arranged
Contrast	<input type="checkbox"/> 10 : 1
Quality	<input type="checkbox"/> standard version <input type="checkbox"/> X-version
Number of steps	36
Arrangement of steps	logarithmic

General description hardware

Type	transmissive			
Aspect ratio	<input type="checkbox"/> 1:1			
Chart size tolerances	+/- 0.15 mm			
Chart size [W x H x D]	W [mm]	H [mm]	D [mm]	Weight [g]
	100	100	4.5	50
Picture size	W [mm]	H [mm]		
	60	60		
Material	photographic film embedded between aluminum and PLA plates, magnet mount			

Service life	photographic film: 3 years
Scope of delivery	Test chart, measurement document

Miscellaneous

Evaluation / Assessment	DTS-Evaluation Software
Terms & Conditions	image-engineering.de/terms-and-conditions
